I spent a lot of effort
to set it up so that I could

Now it makes me look like
I rushed the emperor to

Shouldn't you tell

Tell her what?

You saw how she acts toward h m
She would never bel eve my words

Now now, let's go on. I thought we are going to take a break soon.

Therefore he will do whatever he can to protect him
Besides, Ganesha has resigned from Laharshita
He'd never do anything that'd benefit us

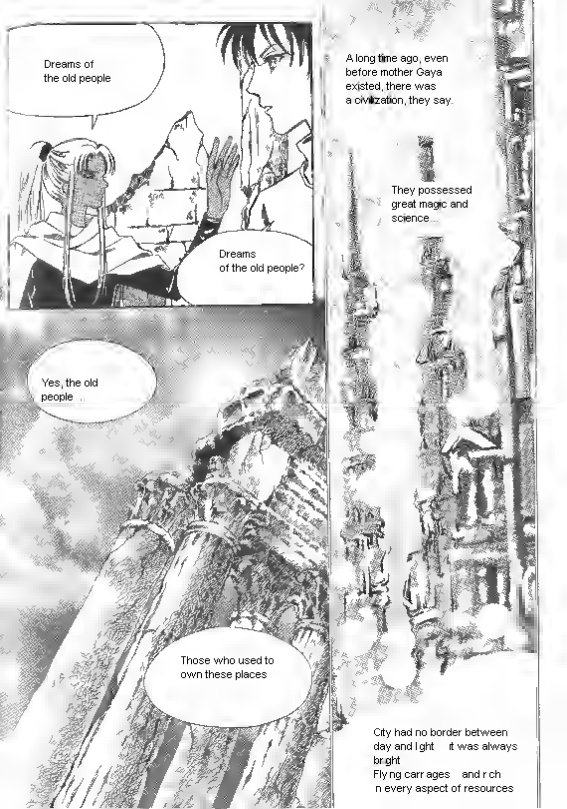
Hologram device or something, you guys have it, right ?
We are in some kind of show, right ?
Holo... what?

Suha~
Ohoh Jenta!! Please tell me the truth
You see, we don't spend much time on taking a break.
You are making us confused and all. I don't feel like resting anymore.
Do you really think that Danium would give us enough time to rest? We are trying to maintain our best condition within very limited time. And you are trying to ruin our condition.
Are you doing this intentionally? To make you look like weak so that you'd carry less?
Let's be fair.
They are all bully ng me
Maybe
Suha happened to see memor es of th s place

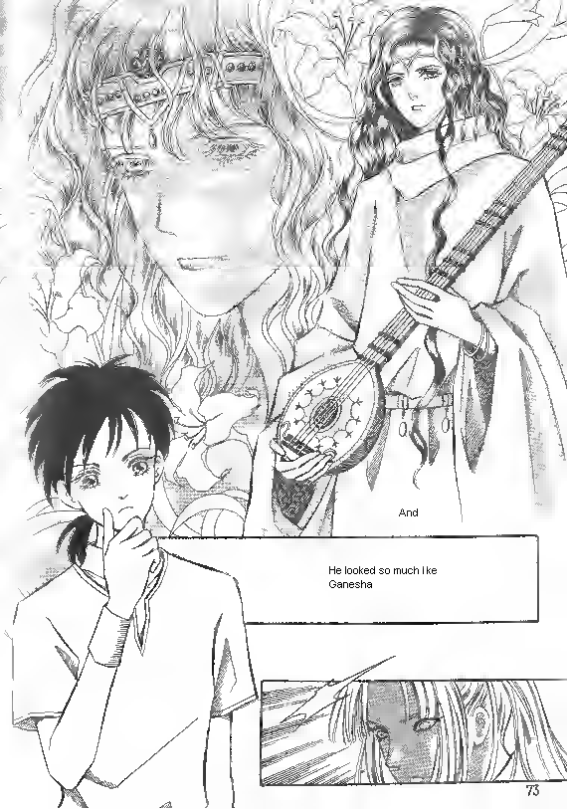


Dreams of the old people
Dreams of the old people?
Yes, the old people
Those who used to own these places
A long time ago, even before mother Gaya existed, there was a civilization, they say.
They possessed great magic and science
City had no border between day and l ght it was always br ght
Fly ng carr ages and r ch n every aspect of resources

Flying carriage? Like air planes?
City had no border between night and day... That sounds like the cities in my time...
But I guess even they did not have the powers to stop God's punishment.
Affluent societies led to extreme greed. And the Gods had decided to erase everything once for all.
It is said that meteors rained for seven days none stop.
So, we simply adress them 'the old people
Those who used to live here
They probably did not foresee their end
Eh, it's rare here instead of flood ?

They probably thought their future was bright.
But nothing exists forever
Neither humans or structures and even cultures
As soon as they are born or created they are heading to their destruction
Hey Ati's acting cool
Dude just say hes nhis thoughts

Anyway ...
Because their civilization was so great while existed that they say sometimes strange stuff happens in their ruins even now.
Maybe Suha encountered one of those
See ?
He says so.
It s less than 0 000001% n your case
Doesn't matter I don't need approval from an ev l I was neither a psycho or s ck
Dreams of the old people ....
The color was so vivid to me. And the people were so real.
And the bard's song was so familiar ...



And
He looked so much like Ganesha

Watch out !

Get out of here already!

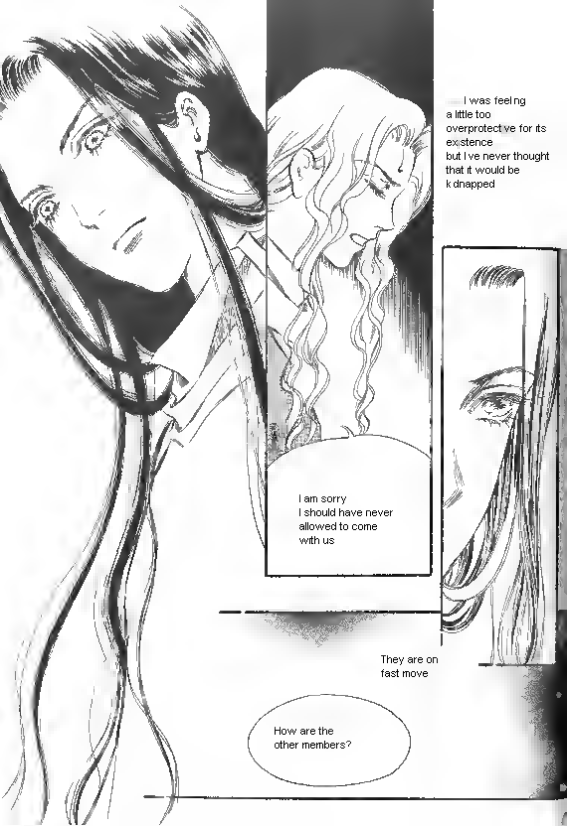
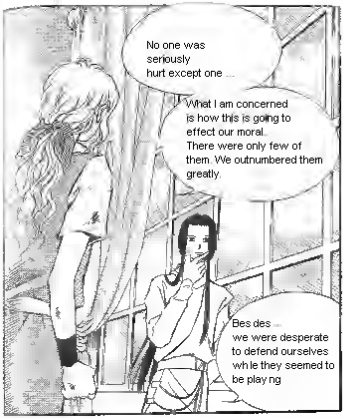
Don't tell me.
Okay.
If that is for the best



I was feeling a little too overprotective for its existence but I've never thought that it would be kidnapped
I am sorry I should have never allowed to come with us
They are on fast move
How are the other members?



No one was seriously hurt except one ...
What I am concerned is how this is going to effect our moral. There were only few of them. We outnumbered them greatly.
Besides ... we were desperate to defend ourselves while they seemed to be playing

So they realized its existence fully ? Or were they looking for something else

Allow me to pursue Suhas whereabouts sir

Welcome back.
There is a guest for you, sir.
A guest
Long time no see

I've managed to obtain a very special item from my home country Shate
So I've decided to present it to you, sir
It's also an unnformed visit. So, please forgive me at the same time
... If you are talking about Shate's golden soma ...,
I believe its harvest session is over and none is available at the moment.
Shate empire is one of the 13 empires
It is located on eastern region of the continent and it's also where Laharshita's main base is located
That is what I believed so. But I've managed to find a tree
The golden soma There are only few trees left
I see ...
Then, thank you

Shall I peel it for you now sir ?
I'd like to have it later it's after all a very precious fruit
I guess I can't even taste it
The emperor's late tonight

The majesty has said that she will be staying at the Ily castle tonight
Sir, there's a messenger from the emperor
And she wants me to add that
At the Hy castle there's a beautiful man named Aytra from Estran who's staying for a night
I see
He sure has come a long way I hope the emperor will treat him well tonight
Sire, are you really going to take Aytra?
Have you gone nuts! For women its all about dignity and decency!!
I already have a husband Ganesha I would never sleep with another man! Besides he's from another country I wouldn't sleep with a foreigner
Then why
Love's like a tug of war
And jealousy often triggers fire!
Sire you've lost this round completey

You can go now
What does he want now?
I guess I should at least read it
킁!

He decided to give up on me with such harsh words.
But now ....
Even from that short moment,
He realized that I've found Suha as my refresh potion.
All I needed was h s powers
"Now that it s gone he does not have a need anymore."
Nonetheless he s a scary person

However
brother, even f I do
want to help you
I am no longer who
I used to be I do not hae
the powers you seek
I shall not help

I think I lost them for now.
But it won't be easy to get out of here....

I am scared papa
... Poor kid ...
Why did you have to call butterflies in front of everyone ...
Butterflies ?
Para said
She'd be pleased when she
She told me that it's be the best gift

JanmeS
www.janmes.com

Esana,
you promised me !
Do not call
butterflies ever !
Especially if there
are other people
around Do not
understand me ?

The emperor s birthday g ft?
Was it because of me ?
Yeah. I ve been thnking hard But I haven't come up with any
Why not the magc ?
The butterfl es you showed me before
It w ll be the greated g ft ever
Maybe.. she w ll love you after then
Is it because I d dn't keep the prom se with father
It's alright, Esana I am not blaming you..
It's your father's fault..
It's all my fault .....

Is that why ...
the emperor and
her followers hate me?
Because I didn't keep
my promise ?

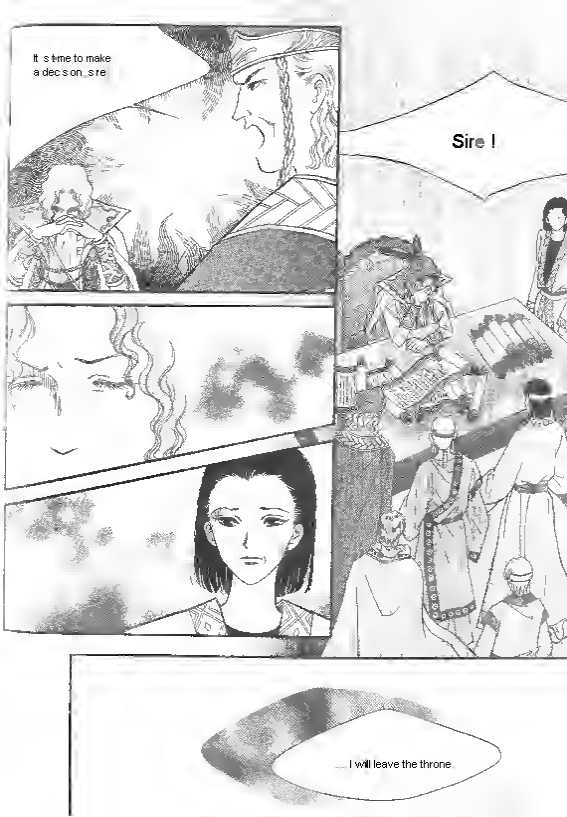
I am not going to let
Ladan get killed !
I will save him !
I will save him !

You must not enter, lady Para.
Step aside ! I must tell the emperor something !
Step as de
Don't touch me
I said, step aside !

You must make a decision.
Have you not been hearing the voices and rumors ?!
The very reason that we've been hunting down asadroda is that they are the cause of all evils. It is written so in the phrophecy.
Some even dare to say that
you were blinded by his beauty and have been ignoring this all along
Lately, number of asadroda has been increasing and now even it's been revealed that the prince is an asadroda
Then it turns out that your husband is also a high level asadroda !

Watch your tongue Naharu!
How dare you carry out those words!
It's not my words!
It's the people's words
I agree with Naharu completely
And I must hold you responsible for making this matter this worse also
You are the majesty's first advisor What have you been doing?
Prime minister,
You are her eyes and ears. What have you been doing all this time?

I understand
that she s not on
the emperor s s de
But h s words are way
too harsh
...Even you...
were blinded by
his beauty ?
And they seem to do nothing
to stop his words...
That means ... all of them are not
on the emperor's side.



It s time to make
a dec s on, s re
Sire !
.....I will leave the throne.

No, sire !
I will give you the throne Maha Uma
In exchange, spare my husband
JanimeS
www.janimes.com
No, sire !
Asadroda is the first degree crime !
We will disable his asadability and he should pose no threat to the country
Eh ?

I am just your sister. Why are you telling me to spare him ?
I am just a member of the royal family. It is them who will decide his fate.
Just because you were quiet..
Let s stop the game Uma
Do you th nk I am that fool not to be able to see that they are on your s de ?
S re
I do not ser ously th nk you have no plan

What is your answer ?
It won't be easy to throw her out That s true
Although she is now regarded as a weak willed emperor she used to be a cold blooded and powerful emperor n her younger days
Personally I ve never wanted to hold onto the throne
But, f I lose my husband after I lose my son the only th ng I w ll have left is the throne And I may hold onto the throne w th my l fe
If that happens w ll you be able to overcome me ?

S..sre
I must must tell you
someth ng
Para ?
Lady Para ...

What a dirty liar !
What do you think you are doing Para!!
You dared to trick me and plan to kill Ladan !

You gave me your word that, if I make Esana to use his powers at her birthday party, you'd give me Ladan!
It's all planned sire!
It is to make you abandon the throne! They let your husband escape the prison That dirty Frada and mother
What are you talking about Para?
And now you plan to kill him! I will not let you do that!

Ladan
I just
I just wanted to be with h m

Uma ... what she said...
Does it hold any truth ?
Para-s out of her m nd!
She must be too shocked due to recent events because she adm res your husband too much
Excuse me
I apolog'ze for th s and am ashamed as a mother

Lock her up right now !
There is no need to be upset. There is nothing that the emperor can do anymore.
But
After all, she has asadroda in her family.
What if she does what she told me n the chamber ?
Then, we will fight her.
We now have the reason.
Though it won't be easy ....

However,
the emperor
did nothing
Because her husband
and son were
found dead later that
day.
They were killed so
harshly that no one
could recognize
them anymore, espeically
the prince's face.
Even those who insisted
on executing them were
shocked by their unexpected
death and how they were killed.
No one knew who
kill them.
Nonetheless, the officals
declared that they were
executed to the public.
Soon later,
the national wide
event became a
fragment of history.

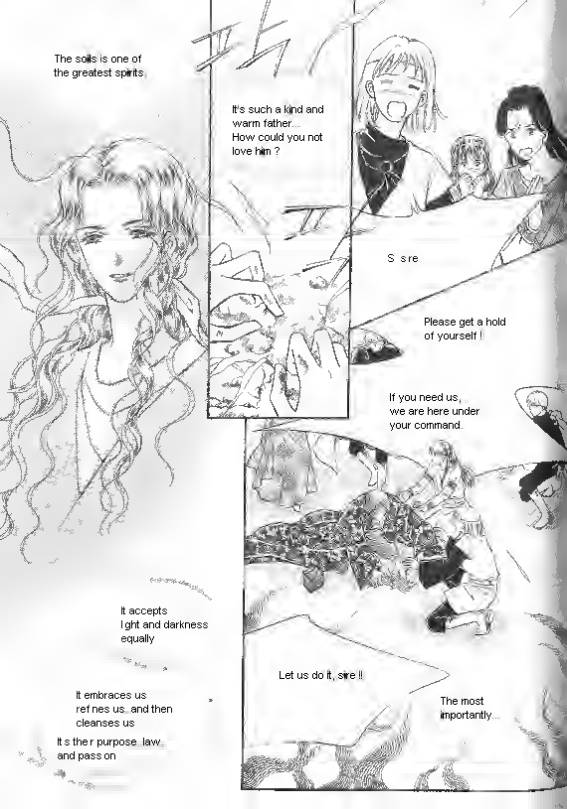
Sire ?

털썩!
Sire !

Funny ,,
Maha Rishana,
Am I really a child of Maha blood?
I couldn't even protect my own family. I am certainly not a descendent of the Gaya
대 피리예국의 혈통이란 말이냐?

I didn't know what I must have protected
I didn't know what was more important
Well...,
perhaps because the soils share with everyone ..?



The soils is one of the greatest spirits.
It's such a kind and warm father... How could you not love him ?
S sre

... You are a fool.
It's too late to wail.
Your sorrow will
not bring them back
You failed to protect
your loved ones
You don't even deserve
to feel sorrow
You were the
emperor .
You had the
powers to
save them...

If I were the emperor,
I would have never lost
everything and cry
afterwards !
But you are
the one who
killed him !
If I were you

It was you who put on a mask of an ev l and pushed the innocent soul to a trap
No ...
You knew you were using him. Yet, you didn't know you could be used in the same manner. This is the result of your foolishness.
No ... !
No ... !
No ...

I am not the bad one !
This is all because that Frada !
She abused my feelngs and made me use Esana
Frada !
I swear that I will never forgive you, Frada !!!

I w ll become
the emperor
And I w ll make sure
that no one w ll dare
to laugh at me !

I w ll become a ruthless k ng !
Rivers will be filled with blood of those who oppose me.
And mountains will be filled with skulls of theirs !

I shall become an emperor of blood !
